STUDENTS' FEEDBACK ON TEACHING-LEARNING AND EVALUATION 2022-2023

As part of the Academic Quality Enhancement Initiative of the College, the Internal Quality Assurance Cell (IQAC) had carried out a system of obtaining feedback from the students on "Teaching-Learning and Evaluation" for the academic session 2022-2023. The feedback was collected online through Google Form. This was done with the purpose of obtaining information through the questionnaire for further improvement. In this connection, students of various departments from the even semesters (i.e. II, IV and VI Semesters) were asked to submit the feedback questionnaire within a limited period of time set by the respective departments. The collected feedbacks were then submitted to the IQAC.

The figures below clearly show the need for improvement in various areas of the Academic performances of the College. Therefore, the IQAC suggested that the departments should identify the areas where improvements can be made and to further collect another feedback in due time with an action taken report.

The teachers should take much effort in teaching the students so that we can understand better

It could be more better

There should be more books in the library

Overall everything is good.

That's all

Little improvements needed.

Everything good

Electric fan and bolb light in lecture room

Availability of books related to poems can be improved in the library

Clock inside classroom

We as a student facing difficulties because the department has not choosing the substitute teacher that are having an experiences .

They don't know to explain then how can we listen .

There still less of books in library.... the school should put more books so that while writing an assignment we can get more books and more ideas to write and for the test at the same time.

I guess involving some practical activities or something like tht

It's good

To encourage students to have good grades and to help them learn

That's all

Availability of book's of poems are very less

More books in the library

...

I'm soo grateful for taking my honours in English,as the teachers are excellent, kindly .They motivates and encourage students to continue doing their jobs well and will always have hopes for better future.I'm thankful for that one teacher who became my role model and her teaching skills is just amazing.

Apart for the standard quality lectures provided to us learners, it will be excellent if the teachers conduct more of the literary activities if possible, as it not only shape and sharpen our mindset but it will also provides us with the knowledge to tackle any questions during exam and broaden our knowledge about the subject as a whole

Available of more books related to poem can be improved in the library

Its needed to be improved

Help the students to achieve their goals

Satisfied with everything.

Nothing..

Nothing

Nothing.

There should be some more book in the library for English literature so it will be little easy for us to write assignment or study

any part of the teaching method is great and i on my part i really appreciate Sir. Herman nongpluh hardwork and his dedication towards explaining us in such a remarkable way. overall the equipments , mataterials are all available so far.

No suggestions

More Books in the library

Sometimes teacher absent and students was present does roll number of the students mark present or just left it?? To finish the course in time without taking extra class...

Parking place is a must because we students are facing many problems regarding parking our campus is that not small and majority of us are using two wheelers so big area is not needed for our parking if parking place is granted everything is perfect

We students need parking because some of the students are coming from the far and they don't have time to take a taxi they just wanted to bring their own vehicles.

It was good, and proud to be a Thomas Jones students

I think the way teacher deliver us the lecture in class is good and in my opinion everything is good and the teachers motivate us also is very encouraging .

Teachers should need to be punctuality in their lecture.

Need more classroom and more period for classes

Needs improvement

So far it has been a good one.

Everything is good so far.

Classes could have been much more interesting if literary-related activities were added

That's all..Thank you.

No comments

Maybe there should be more books in the library

....

Thank you

Depression is killing me

Needs improvement

Automatically it improves the learning process and behavior impressively

Need parking space for students in the college compund. Both fot two wheelers and four wheelers.

More assignment and class test should be include so as to help student point out their mistake and help them

Classes could have been more interesting if there is more activity like educational field trip .

As a literature students I think there should be more practical activities like taking us to Museum.

Needed more activities beside the curriculum learning .

strong communication skills, so the students can be more interactive in classrooms.

Availability of books related to poems can be improved in the library

I got no suggestions at the moment.

I like the way they were giving a lecture.

Thank you so much you're doing well keep improving

They are rushing the syllabus way too much. There's literally no time to study, no time to do assignments and to study test aswell

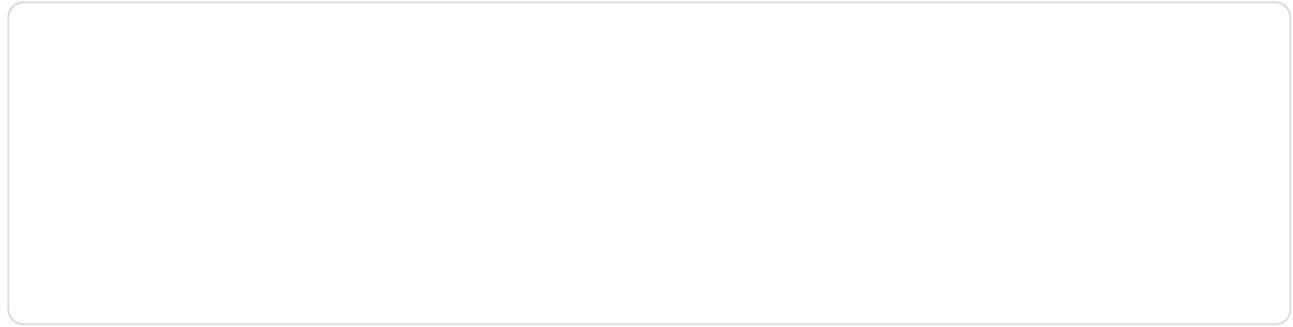

I love English subject
